Fourth Year Schedule One45 Lottery Guide

The instructions below detail the process for reviewing and making your selections for the fourth year scheduling lotteries. Each independent section will be its own distinct lottery. For the Priority 1 & Priority 2 sections **only**, you will be contacted if your **priority is not available**. You will be given the opportunity to make an alternate selection before we move to the next lottery section.

In the sections below you will select your:

- Priority 1 and Priority 2 Rotations: they may include Required courses (APC, RCC, or Required Ambulatory), electives, or vacation
- Your Required Critical Care and Required Ambulatory courses if not previously chosen as a priority

Lottery sections will be run in the order in which they appear in the instructions below.
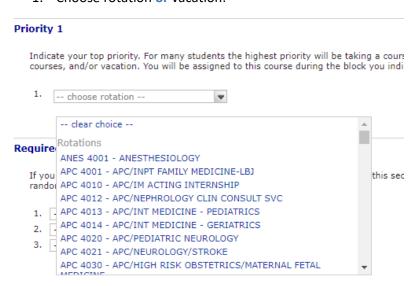

NOTE: there is no guarantee that you will receive either of your priority choices so choose wisely; strategically placing a required course as your priority course may not be effective in all circumstances. In all other sections that follow the priority sections, it is in your best interest to provide as many choices as possible.

Required Courses: If your preferences have been reviewed for availability and the lottery does not successfully enroll you in a course, you will be moved to the bottom of the list to be randomized into an available section of that course.

Priority 1 & Priority 2
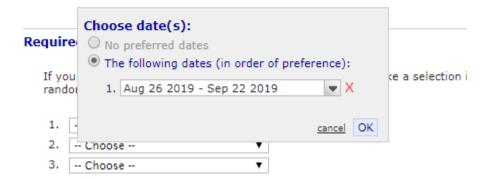

Please select your top priority as shown below:

1. Choose rotation **or** vacation:

2. Choose the appropriate block and click [OK]:

Priority 1

Indicate your top priority. For many students the highest priority will be takir
courses, and/or vacation. You will be assigned to this course during the bloc

3. Repeat this process for the Priority 2 section.

Required Critical Care

If you did not include Required Critical Care as one of your priorities, please make your selection in this section. You may choose up to five blocks, and it is in your best interest to do so – if the system cannot enroll you in a course based on your selections you will be moved to the bottom of the randomized list and enrolled in a block which is open on your schedule and available for the course.

Required Critical Care

If you listed RCC as your [Priority 1] it is not necessary to make a selection in this section. If random.

to a Feb 10 2020 - Mar 8 2020 (1)
Mar 23 2020 - Apr 19 2020 (1)

1. -- choose rotation --
2. -- choose rotation --
3. -- choose rotation --
4. -- choose rotation --

Continue making as many selections as you deem necessary (the more the better)

Required Critical Care

If you listed RCC as your [Priority 1] it is not necessary to mal
random.

1. Jun 3 2019 - Jun 30 2019 (1)
2. Oct 21 2019 - Nov 17 2019 (1)
3. May 6 2019 - Jun 2 2019 (1)
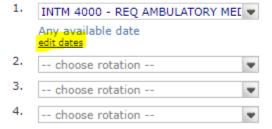

Required Ambulatory Medicine

If you did not include a choice for Required Ambulatory Medicine as one of your priorities, please make your selection in this section. You may choose up to four specialties and as many block choices for each as you deem necessary. Again, it is in your best interest to do so – if the system cannot enroll you in a course based on your selections you will be moved to the bottom of the randomized list and enrolled in a block which is open on your schedule and available for the course.

Required Ambulatory

If you listed Ambulatory as your [Priority 1] it is not necessary to make a s
to a block at random.

1. -- choose rotation -- ▼
2. -- choose rotation -- ▼
   -- clear choice --

4. -- choose rotation -- ▼

Advanced Patient Care

Unlike the Required Critical Care and Required Ambulatory sections where you must have a selection on your schedule at the end of the lottery, you will **not** be randomly assigned to an available APC if your preferences are not available. If you do not receive your preferred APC selection, you will have to enroll in an available APC during open enrollment which begins on April 4, 2022.

The process of making your selections is similar to previous sections. Note that in the second selection below, we indicated "All Remaining Dates" which will randomly select an available period for the indicated APC selection.

Select the APC of your choice:

Enter your preferred block dates for the chosen APC:

Continue making your choices until you are satisfied.

Electives

Electives are not scheduled through the lottery **unless** they were granted as your Priority 1 or Priority 2. You must self-enroll in your electives once open enrollment begins on April 4, 2022. Instructions on how to self-enroll will be sent out closer to open enrollment.

Open enrollment has no end date, you will be able to add/drop courses up until the start of Block 12 if necessary.

Academic Year 2022-2023 MS4 Block Dates

Block	Dates of Rotation	Comments
1	5/2/2022 – 5/27/2022	CCCE Exam Month 1 - No away rotations allowed this block if scheduled for CCCE
2	5/31/2022 – 6/24/2022	CCCE Exam Month 2 - No away rotations allowed this block if scheduled for CCCE
3	6/27/2022 – 7/22/2022	
4	7/25/2022 – 8/19/2022	
5	8/22/2022 – 9/16/2022	
6	9/19/2022 – 10/14/2022	
7	10/17/2022 – 11/11/2022	
8	11/14/2022 – 12/9/2022	
9	12/12/2022 – 1/6/2023	No required courses offered this block (i.e. no APC, RCC or Ambulatory)
10	1/9/2023 – 2/3/2023	
11	2/6/2023 – 3/3/2023	
12	3/6/2023 – 3/17/2023	Transition to Residency
13	3/20/2023 – 4/14/2023	
14A	4/17/2023 – 4/28/2023	2 week mini-block (no APC, RCC or Ambulatory offered this block)
