NOTE: When FileVault setup is complete and you restart your Mac, you will use your account password to unlock your disk and allow your Mac to finish starting up. FileVault requires that you log in every time your Mac starts up, and no account is permitted to log in automatically.

SETTING UP Screen Saver and 20 minute Lockout

- 1. Choose Apple Menu () > System Preferences, then click Desktop & Screen Saver.
- 2. Click the Screen Saver tab and on the bottom left select screen saver to 'Start After' 20 minutes.

- 3. Go back to System Preferences, then click Security & Privacy.
- 4. Click the General tab.
- 5. Select the option to require password after sleep or screen saver begins, and select 5 seconds, after this you are set.
