

# November 2020

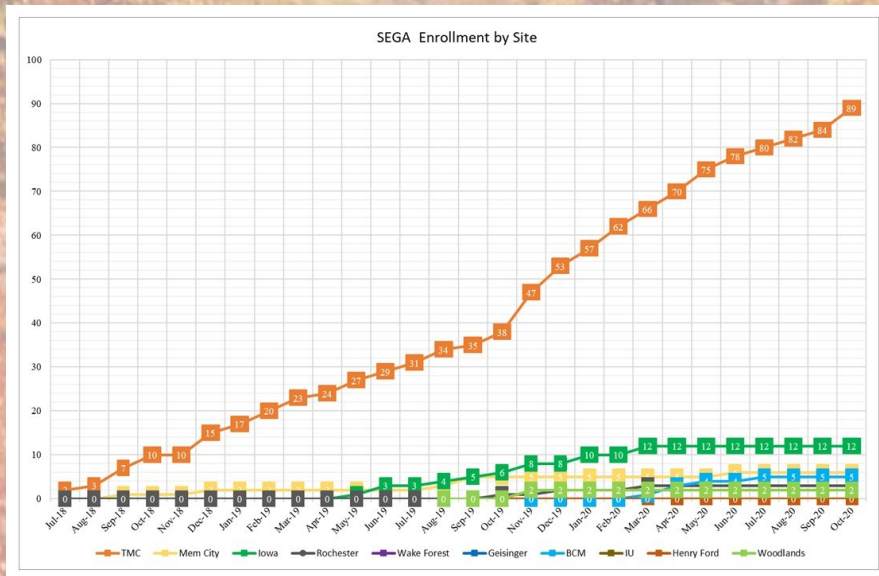

# SEGA Newsletter

Happy November Everyone!

Welcome to the November 2020 issue of the SEGA Newsletter! Hope everyone is having a great fall! With this Newsletter, we are happy to announce a total of 117 total subjects enrolled.

Despite all of our centers still battling the obstacles presented by the COVID-19 pandemic, TMC was able to enroll 5 new subjects during the month of November. This is the most enrollment in one month the trial has seen since May 2020! Hopefully we will continue to see an increase in enrollment each month!

As always: don't forget to check the SEGA website at [www.segatrial.com](http://www.segatrial.com) or [www.segatrial.org](http://www.segatrial.org) for further information about the trial or participating sites.
