

December 2020

SEGA Newsletter

Happy December Everyone!

Welcome to the December 2020 issue of the SEGA Newsletter! Hope Everyone is having a great holiday season! With this Newsletter, we are happy to announce a total of 121 total subjects enrolled.

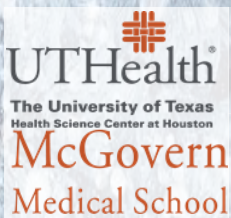

As always: don't forget to check the SEGA website at www.segatrial.com or www.segatrial.org for further information

about the trial or participating sites.

Despite all of our centers still battling the obstacles presented by the COVID-19 pandemic, TMC was able to enroll 4 new subjects during the month of November. Hopefully we will continue to see an increase in enrollment each month!

It's with great bittersweetness that we announce the SEGA coordinator Alexander Ambrocik will be leaving the SEGA Team and UHealth organization on Friday December 5, 2020. While we are sad to see him leave, we are excited to watch him grow and achieve things on his next new adventure.

With his departure, please make sure that all inquiries are sent to Ms. Allison Engstrom at Allison.C.Engstrom@uth.tmc.edu. She will be a valuable resource until the new coordinator can begin work.

Questions? Want something added?
Let us know!

Need help or have any questions that need answered immediately?

Head to the SEGA trial website at:
www.segatrial.com or www.segatrial.org

Don't forget you can always email us at:
segatrial@uth.tmc.edu
