Sponsored Projects Administration (SPA)

Supports UTHealth faculty, staff, and students in the acquisition and administration of programs funded from sources outside the University.

SPA is the central point of coordination and tracking for sponsored projects and is UTHealth's authorized representative for grants, contracts, and other agreements from government agencies, private industry, and non-profit foundations.

Sponsored Projects Administration

SPA Grants and Contracts Team

- Review and approve administrative components of a proposal (i.e. not science) for Grants, Cooperative Agreements, & Subcontract Proposals ([HOOP 64](#))
- Ensures grants meet sponsor, UT System and institutional guidelines
- Serves as liaison between PI and sponsor on administrative/financial issues
- General pre-proposal guidance
- RFP guideline interpretation
- Authorized signing officials ([HOOP 124](#))

Purpose of the Institutional Review

Grants and contract awards are made to the institution. The institution is legally and financially responsible for committing facilities and managing awarded funds.

Why do central offices negotiate contracts?

- *UTHealth is a state institution*
 - *We must conform to state law requirement; The University of Texas System requirements; UTHealth policy (RCOI, compliance, finance requirements)*
- *Parties to the agreement are NOT the PI and the sponsor. The institution takes on the risk and governance of an award.*
 - *Insurance*
 - *Even NIH awards are conditional. By accepting the award, we agree to several federal laws and regulations in the maintenance of the project.*

Protecting the patients; Protecting UTHealth; Protecting the PI

Jesse Gelsinger, 19 years old

1999 - First person known to have died from experimental gene therapy

Lawsuit against Univ. of Pennsylvania

- PI was heavily invested in the company, Genova, Inc.
- University failed to disclose death of monkeys in the informed consent
- University failed to disclose SAE of two other enrolled patients.

Settled for an undisclosed amount

What can go wrong?

- When expectations in a contract aren't met, the contract typically has language on what the other party can do.

May result in:

- Returned funds
- Ruined professional relationship
- Impeded research progress

What SPA needs to know?

Work Scope!

- The more information we have, the better we can match the agreement terms*
- Any materials/data being exchanged?*
- What do YOU want the project to look like?*
- What does the Sponsor want the project to look like?*
- Who wrote the work scope?*
