Harris County Clinic Excellence Award	University of Texas-HSC	2016
PhD Student Writing Award	University of Texas-HSC	2016

Outstanding Poster-3rd place UT MD Anderson Cancer Center
Oncologic Emergency Conference

2019

GRANTS

Research Grants

Faculty Development Award (\$5000) University of Nevada, Reno SOM 2015
Funds used to study continuous glucose monitoring in patients with type 1 and 2 diabetes to improve overall glycemic control by: 1. determining if patient has hypoglycemia unawareness; 2. detecting glucose variability that is not captured by SMBG; 3. determining the effects of diet, exercise and insulin therapy on day-to-day blood glucose values

Other Funded Projects Including Contracts for Service

Grant from Dignity Health & St. Rose Dominican Hospitals for the development of DSME program at UNR Med- \$17,000 2016-2017

Funds used to administer the Diabetes Self-Management Education program. The program is one of 3 AADE recognized programs in Northern Nevada. The program will provide education to patients with T1DM, T2DM and their significant others. Being a certified program will allow for billing of these services. Also, offering these services is an additional way that we can contribute to keeping Nevadans healthy.
