

Dosimetry Service Assessment and Exposure History Form

RS-03 UTHealth (Rev 04/2022)

The University of Texas Health Science Center at Houston

Radiation Safety Program, EHS

Email: radsafe@uth.tmc.edu

Phone: (713) 500-5840

Series: _____ Date: _____

Part Number: _____

Account: _____

Office Use Only

Section 1: Participant Data

Full Name: _____

Last

First

Middle

Maiden

Name on Badge: _____ Date of Birth: _____ Gender: Female Male

The University of Texas Health Science at Houston (UTHealth) is requesting this information, which will be shared with a third party dosimetry vendor, for the sole purpose of radiation dosimetry services.

Please check the box(es) most appropriate to your type of radiation work

Dosimeter Typically REQUIRED

- More than 10 mCi per protocol of ^{32}P or ^{36}Cl .
- More than 5 mCi per protocol of ^{86}Rb , ^{22}Na , ^{51}Cr or ^{131}I .
- X-ray fluoroscopy equipment at UTHealth.
- PET and/or PET/CT Imaging.

Dosimeter OPTIONAL

- Less than 10 mCi per protocol of ^{32}P or ^{36}Cl .
- Less than 5 mCi per protocol of ^{86}Rb , ^{22}Na , ^{51}Cr or ^{131}I .
- ^3H , ^{14}C , ^{35}S , ^{33}P , or ^{125}I .
- Dental X-ray Machines only.

I would like to talk with a Radiation Safety Representative regarding the Declared Pregnancy Program

Other Reason: _____

Classification: Faculty Laboratory Staff Student Resident Summer Hire

Department: _____ Usage Area: _____

Primary Investigator (if applicable): _____

Section 2: Employment(s) at other institutions involving radiation exposure this calendar year

Have you worn a dosimetry badge *this calendar year* at another institution? Yes No

Do you have **concurrent employment** that includes radiation? Yes No

If answered yes to both or either of the above questions, please provide that information below.

Facility Name/Dept: _____ Dates worked: _____

Mailing Address: _____

I authorize the release of my radiation exposure history to The University of Texas Health Science Center at Houston and will notify Environmental Health and Safety in the event of changes to the above information.

Signature: _____ Date: _____

Return the completed form to: **Radiation Safety Program**, 6431 Fannin St., **CYF G102**, Houston, TX 77030

Or email to: radsafe@uth.tmc.edu

Questions? Call Radiation Safety at (713) 500-5840

Radiation Monitor Usage

- 1) Personnel assigned radiation monitors are required to be worn while on duty.
- 2) The radiation monitor issued to you must not be loaned to another individual for any reason. Likewise, you may not wear a radiation monitor assigned to anyone else.
- 3) Radiation monitors are for occupational use.
- 4) In order to implement special precautions, pregnant employees must notify the Radiation Safety Program in writing that they are pregnant and indicate the estimated date of conception.
- 5) Radiation monitors must be exchanged promptly.
- 6) Wear your whole-body radiation monitor on the upper body unless performing procedures that require a lead apron, in which case the monitor must be worn outside the lead apron at the collar.
- 7) Wear all other monitors (hand, fetal, other special monitors) as instructed by the RSO or RSO's designee.
- 8) Do not wear the monitor if you are a patient undergoing x-rays or nuclear medicine studies.
- 9) When you are not on duty, your monitor must be kept in your department's designated storage location or in a suitable personal area away from other sources of radiation.
- 10) The Radiation Safety Officer is required by State Regulations to limit the radiation dose you receive while working at University of Texas Health Science Center Campus to assure that your total annual occupational dose does not exceed 5000 mrem in any calendar year. If you are employed at any other facility where you are monitored for radiation exposure, you must report your radiation dose to the Radiation Safety Officer promptly so that your total accrued radiation dose can be accurately maintained.
- 11) You must read and agree to abide by the Policies and Safety Procedures relevant to your radiation exposure.

Fundamental Radiation Safety Rules

- i. Perform your duties as usual and do not compromise patient care (if applicable)
- ii. Maintain your distance from the radiation source (patient, machine, or radioactive material) to a maximum consistent with performance of responsibilities.
- iii. Do not spend more time in your duties than necessary, when appropriate remove yourself from the area or station yourself behind protective shields (radiation barrier).
- iv. When not positioned behind a radiation barrier, wear a lead apron when assisting in procedures involving x radiation.
- v. Always wear your personal radiation monitoring device(s) in the proper location while on duty.
- vi. Follow instructions by the Radiation Safety Officer or the RSO's designee.
- vii. Notify the Radiation Safety Officer of any situation that you think might lead to or is causing an unnecessary exposure to radiation.

Checking your Personal Dosimetry Readings

To view your radiation dose readings:

- 1) Go to **www.myldr.com**
- 2) **Username:** UTHAccount Number
Example: UTH103702
- 3) **Password:** RadDose1
- 4) **Serial Number:** 999999999AA Number Above Barcode
