The Office of Student Financial Services has established an estimated budget for the Cost of Attendance and personal expenses based upon average yearly costs. Although every effort is made to optimize financial options for students, we understand that extraordinary circumstances arise which may require funding for additional expenses. Through professional judgment of the financial aid counselors, the Office of Student Financial Services offers the following options to help alleviate the financial burden of these situations. An aid administrator's decision regarding adjustments is final and cannot be appealed to the Department of Education.
