

TAKE CARE, TEXAS MASK UP AND GET TESTED FOR COVID-19.

WHEN TO GET TESTED

even if you're fully vaccinated

If you feel sick or have any COVID-19 symptoms

If you have been around someone with COVID-19

After spending time in a large crowd or enclosed space without a mask

When requested by your school, workplace, healthcare provider, or local government

HELP STOP THE SPREAD

You can spread COVID-19 to your loved ones, even if you're vaccinated or feel fine

Get your vaccine and booster as soon as possible, even if you've had COVID-19

Wear a mask in public and social distance when possible

Go to a COVID-19 testing site or take a self-test when needed

Unvaccinated COVID-19 patients have a greater risk of hospitalization and death
